

Neighborhood Association  
MONTHLY MEETING MINUTES  
Wednesday, October 14, 2020 @ 7PM  
Pine Pavilion, Carson Park

**Call to Order**

7:12 p.m.

6 people present. No quorum.

**Chair's Report**

- Planning meeting for the neighborhood association summit meeting steering committee is on Friday. The sober house issue should be talked about as a general issue to other neighborhood organizations.
- Other potential issue for the summit:
  - Insurance, the possibility of having a single blanket policy that would allow us all to meet at one location, a high school or something. We could potentially do a fundraiser together (wagon ride, handsome cab).
  - The mailbox issue
- Tuesday night blues had initially been a neighborhood association coalition that used TNB as a fundraiser and organized it. Ken Fulgione was the leader on that. He'd be interesting to talk to about what infrastructure they put in place.
- The EC Sober House still hasn't responded to the letter we met about in September.
- November meeting might be via Zoom. Discussion of getting a license, or possibly using the university's. Kevin will look into it.

**City Council Update - Jeremy Gragert**

- Next week the city council will be doing in-person interviews for city manager candidates. Can't tell who or how many candidates, but information will be in the paper shortly.
- The city will probably hire a new manager by the end of October. Dave Solberg is the interim city manager as of October.
- The city will be hiring a new diversity position and a new IT position.
- Valley Media Works will no longer be contracted to record the meetings. This will be brought in house to bring the cost down from 100K a year to 20K.
- City will not hire someone to manage the body cam program until 2022. IT staff can help with the setup in the meantime.

City will not fill an empty position in the investigative department, but will instead hire a new person in patrol to be "co-response" -- a social worker will be hired to go along with police when needed. They will

**Adjournment**

Next meeting TBD
